

How to Create Test Plan and Test Cases in Testworthy (Step-by-Step Guide)

Step 1: Login to Testworthy

Open Testworthy tool and login using your credentials.

Step 2: Create a New Project

- 1 Click on 'Create Project'
- 2 Enter project name (e.g., Online Book Shopping System)
- 3 Save the project

Step 3: Create Test Plan

- 1 Go to Test Plan section
- 2 Click 'Add Test Plan'
- 3 Write objective, scope, testing types, and environment
- 4 Save the test plan

Step 4: Create Test Cases

- 1 Go to Test Cases section
- 2 Click 'Create Test Case'
- 3 Enter Test Case ID, Title, Steps, and Expected Result
- 4 Save each test case

Step 5: Execute Test Cases

- 1 Run each test case
- 2 Mark status as Pass/Fail
- 3 Add comments for failed cases

Step 6: Generate Report

- 1 Go to Reports section
- 2 Generate test execution report
- 3 Download or export as PDF
